

BIKE CORRAL

Good for Business. Good for Health. Good for Community

WHAT IS A BIKE CORRAL?

A bike corral converts the space of one car parking stall to parking 10 bikes. It's a great use of space and a low cost option for more customer parking. It frees up sidewalk space for pedestrian foot traffic and communicates a commitment to bike friendliness.

Hopleaf Brewery, Chicago

THE SARIS BIKE CORRAL:

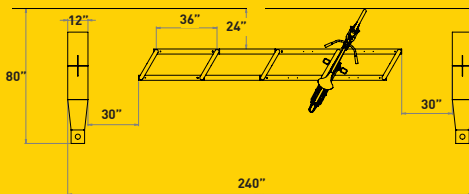

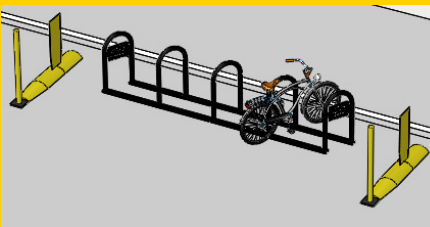

- Easy access for maintenance and street cleaning
- Only four points of installation and can be anchored into asphalt
